## Meet The Tartars '53 Basketball Team

### Guerra, Moon and Farrar Give THS 'Big Three' Punch

The "Big Three" — Bob Moon, Bob Guerra, and Jerry Farrar, scored 16, 16 and 14 points respectively to lead the Torrance High School Tartars to a 55-45 victory over Morningside High Tuesday in the Torrance gym.

It was the Tartars' fifth basketball win against two defeats. Tomorrow, local fans will get a preview peek at one of the schools that will enter the Bay League next September — Centennial High School. The Centennial team will visit the local gym for an afternoon of hardwood antics beginning at 2 p.m.

Guerra celebrated his return to basketball from the cross country team by putting 18 points to tie Moon for high point honors. Guerra sank seven field goals and two free throws, and Moon meshed five floor shots and six gratis points.

Morningside, which doesn't have a regular JV team, sent part of its varsity against the Tartar JVs and triumphed 60-28. Ron Petrill paced the locals with seven points. The Torrance Bees, with Norm Chambers sinking 12 markers and Richard Ruffell ringing up 11, topped the Morningside Bees 44-41 in a close. The Tartar Cee team also won 41-23.

**JERRY FARRAR**... An All-Bay League end this year in football, Jerry has made the switch from outdoor to indoor sport as simple as cracking eggs in a drop hammer. A forward, Jerry is second highest scorer so far this season. He's a one year basketball letterman and will graduate in June. Vital statistics—5' 11", 175 lbs., 17 years old.

### Keglers Flirt With Top Spot

Torrance keglers were flirting with top spot in the Inter-Cities Bowling League this week.

Reports from last week indicate that the Torrance team was in second place behind Redondo. Torrance had 25 wins and 14 losses to Redondo's 26 and 13 record in the "West's Largest Traveling League." Late results may change all this, however.

In total pins, Torrance led with 34,400 to 33,810. On Sunday, Torrance will meet the Provincial Wood team at Gardena.

**STEAM MODELS**  
More than 100 different makes of steam-propelled automobiles were built in the United States since the beginning of the so-called automotive age, according to the industry's records.

## Seeman Elected President of Rod and Gunners

Harry Seeman, charter member of the Torrance Rod and Gun Club, was elected president of the club Monday night, replacing outgoing prexy Ben Smith.

Seeman, who lives at 1502 W. 218th St., has a son, Stephen, who is a junior member of the club. Other new officers are Fred Bickar, vice president; John Rowe, treasurer; Paul Rowe, executive secretary; Helen Smith, recording secretary.

The group will take office at an installation banquet to be held in the early part of February.

## El Camino Cage Team Beats Pasadena; Takes Trip North

The El Camino Warriors, undefeated in seven games this season, traveled to Northern California this week to take on a trio of northern teams. They met Fresno J. C. last night and will play in San Jose tonight and San Mateo on Saturday night.

Pasadena City College was the most recent team to be defeated by the Warriors, losing by a score of 65 to 54. The El Camino hardwood Saturday night. Center Tommy Strawn led the E.C.C. scoring with 22 points, followed by Bill Baron with 16 points. Cliff Anderson, Pasadena guard, had 15 points to lead the Bulldog scoring. El Camino took the lead in the first quarter and were never headed.

El Camino will play in the Sam Barry Memorial Tournament to be held in Glendale on Dec. 26, 28, 29, and 30. The next home game for the Warriors will be on Friday, Jan. 8, when they open the Metropolitan Conference schedule against San Diego J.C.

## Watson Makes All-Chemical Team

Hard-running Jarvis Watson, Stanford fullback from Torrance, has been named to the first string of the All-Chemical All-American football team, it was announced this week.

Watson, a junior majoring in chemical engineering, received honorable mention on the All-Chemical team last year. The team is named each year by Chemical and Engineering News, and is composed entirely of students in chemistry and chemical engineering—proof that strong backs and strong minds can go together.

"With their determination and talent these boys are destined to be valuable assets in their chosen profession," the magazine states in acclaiming their achievements, both scholastic and athletic. "They will serve to inspire many youngsters to go into chemistry and chemical engineering without fear of a 'too-vigorous curriculum!'"
